

COINS FOR COLLEGE

Partnership Agreement

Coins for College & Life and GLA University, Mathura, India

Partnership defines access to Coins For College services such as Intuition Exchange, Rewards For Education App, CollegenZ Blockchain, and our other EdTech and Blockchain services.

2026 // Confidential. For the named recipient only.

01 Summary

Core Mission.

01 / EDUCATION MARKETPLACE

Connecting students and colleges across borders.

- Rewards for Education **is** a mobile app for school students in grades 8–12 today, expanding to grade 4 from 2028..
- CFC Education Fair **is** a virtual college fair for students across India, featuring Indian and international institutions."
- CFC Admissions Channel **processes** applications from both sources and routes them to partner colleges..

02 / COLLEGE COIN ECONOMY

A financial layer that funds scholarships from outside the college's budget.

- CollegenZ **is** our proprietary Layer 2 blockchain, where every College Coin is minted.
- Intuition Exchange **is** CFC's cryptocurrency exchange, the venue where parents, alumni, investors, and donors buy the coin.
- \$TUIT **is** the native token that powers every transaction on CollegenZ.

A Token Based Scholarship Layer

- A scholarship recorded on a blockchain is permanent, auditable, and portable. The record does not depend on institutional continuity or administrative handover.
- Alumni, parents, investors, and corporate donors fund the scholarship reserve through open-market coin purchases. The college contributes no capital.
- Every admission, scholarship disbursement, and fee transaction is recorded on chain. The data is audit-ready for NAAC and for internal governance.

02 Services Offered To Partner Colleges

01 Admissions channel with scholarships funded from outside the college's budget.

- CFC markets the college and processes applications through its own channel.
- The college evaluates applicants and issues offers using its own admissions criteria.
- CFC collects tuition from accepted students and transfers it to the college in INR.
- A portion of the tuition may be paid from the college's coin reserve, with the amount arriving at the college as regular local currency.

FOR THE COLLEGE

Additional admitted students at no marketing cost to the college, and scholarship capacity without additional pressure on the scholarship budget.

02 A long-term pipeline of future students cultivated to the college's academic profile.

- The Rewards for Education app allows students to connect with colleges from grades 8–12 today, and from grade 4 from 2028.
- The college identifies matching student profiles and sponsors student academic preparation over the years they remain on the app via College Coins at no additional financial burden to the college.
- Scholarship Points convert into the college's own College Coin at the time of college application. The conversion is decided by the college to ensure the cost remains within their existing scholarship budget.

FOR THE COLLEGE

Applicants who arrive at the college academically aligned to its programmes and loyal to the institution that supported their school-years preparation.

03

NAAC accreditation support across six of the seven criteria.

- Every admission, scholarship disbursement, and fee transaction routed through CFC is recorded on chain.
- The CFC Dashboard provides MIS-grade data for the IQAC coordinator and DVV submissions.
- Full Key-Indicator-level mapping is supplied in the NAAC Mapping annexure attached to this agreement.

FOR THE COLLEGE

Influence over approximately 235 of the 1000 NAAC assessment points, concentrated in Criterion V and Criterion VI. For A+ institutions, a realistic path to A++ when documented in the Self Study Report.

04

Marketing of the college through CFC's own channels.

- CFC runs marketing campaigns that carry the college's name.
- The college receives a dedicated presence at the CFC Education Fair.
- CFC runs outreach to the college's alumni network for coin purchases and donations.
- A Scholarship Fund widget is made available for embedding on the college's own website, displaying the live scholarship reserve value.

FOR THE COLLEGE

Visibility to student, parent, and alumni audiences beyond the reach of the college's existing marketing, plus a live scholarship reserve visible to visitors on the college's own website.

05

Infrastructure for online diploma and degree programmes.

- CFC provides the digital delivery platform for online programmes.
- The college supplies curriculum, faculty, and accreditation authority.
- CFC handles enrolment, course delivery, identity verification, proctoring, payment, and first-line support.
- Revenue-share terms are set in the Online Programme Schedule.

FOR THE COLLEGE

A new revenue line from online programmes, with no capital expenditure by the college on learning technology.

06

Access to international students.

- International marketing and outreach run through the CFC Education Fair.
- International applications are processed through the CFC admissions channel.
- International applicants arrive at the college in the same format as domestic applicants.

FOR THE COLLEGE

International student admissions without the college setting up overseas offices or travelling to foreign recruitment fairs.

03 Partnership Requirements

01 **Permission to use the college's name in CFC's marketing.**

- The college provides approved brand assets and usage guidelines.
- CFC uses these within the scope of the partnership only.

CFC's marketing carries the weight of the college's brand, which improves conversion with prospective students and their families.

02 **Acceptance of applicants routed through CFC under an agreed process.**

- Joint agreement on application form fields, document requirements, evaluation timelines, and offer communication format.
- The process is documented in the Technical Annexure and reviewed annually.
- The college retains full authority over admission decisions.

Applications from CFC arrive in a format the college can process without additional handling, while admissions standards stay under the college's own control.

03

Marketing of existing scholarships as scholarships enabled by the college's own College Coin.

- The college continues to design and award scholarships as it already does.
- CFC describes these scholarships in public marketing as enabled by the college's own coin.
- No change to the college's scholarship policy, amounts, or internal decision process.

The college's existing scholarship activity reaches new audiences through CFC's marketing, and the coin reserve accumulates external funding for future cycles.

04

Technical cooperation to connect CFC's backend with the college's CRM or ERP.

- Joint agreement on API specifications, authentication, data formats, and transfer schedules.
- CFC builds and maintains the integration.
- The college supports testing, access provisioning, and change management on its side.

Applications, offers, enrolment records, and fee transfers move between systems without manual re-entry.

05

Access to the college's alumni contact data for scholarship marketing.

- The college provides alumni contact records under a data-handling agreement.
- CFC uses the data only for coin marketing and scholarship engagement tied to the college.
- All processing complies with the Digital Personal Data Protection Act, 2023.
-

Alumni become a direct funding source for the scholarship reserve attached to their own alma mater.

04 Technical and operational requirements

Items required to activate the partnership. Items 1–8 apply to every partnership. Item 9 applies only if the college opts into Offer 05.

1. College Coin minting on CollegenZ under a Token Minting Agreement. Maximum supply is 100 million. 95% sits in the scholarship reserve for the college's students; 5% lists on Intuition Exchange for external purchase. CFC executes the mint; the college approves parameters.
2. A CollegenZ wallet for the college, to receive donated coins and for any direct transactions on the chain.
3. Two-way API integration between CFC's backend and the college's existing CRM or ERP, covering applications, documents, offer letters, enrolment records, and fee transfers.
4. Admissions workflow mapping: application form fields, document requirements, evaluation steps, offer format, and fee structure.
5. Payment flow integration with the college's existing payment collection system or with CFC's payment infrastructure.
6. Alumni data handover to CFC under a secure, DPDP-compliant transfer protocol.
7. Scholarship Fund widget: embed code supplied by CFC for placement on the college's website.
8. CFC Dashboard access with role-based permissions for admissions, finance, and IQAC staff.
9. Online programme infrastructure (optional, only if Offer 05 is accepted): LMS access, content hosting, proctoring, and student identity verification. Full scope documented in the Online Programme Schedule.
10. Identity mapping schema to link the college's internal student and applicant IDs to CFC's system identifiers.

05 Declarations and signature

5.1 PARTNERSHIP

By signing this document, both parties enter into a partnership on the terms set out in Sections 2, 3, and 4. The partnership takes effect on the date of the last signature. Commercial and technical details are carried in the annexures listed at the foot of this page, which form part of this agreement.

5.2 CONFIDENTIALITY

Both parties keep confidential all commercial terms, student and applicant records, financial information, alumni data, and proprietary technical information exchanged under this partnership. Disclosure to a third party requires prior written consent of the disclosing party, except where required by law. The confidentiality obligation survives termination for five years.

5.3 DATA PROTECTION

All processing of personal data under this partnership complies with the Digital Personal Data Protection Act, 2023, and any subsequent data protection law applicable in India. CFC acts as a data processor for data received from the college.

5.4 INTELLECTUAL PROPERTY

The college retains all rights to its name, marks, logos, curriculum, and academic content. CFC retains all rights to CollegenZ, Intuition Exchange, Rewards for Education, the CFC Dashboard, and all related software and infrastructure.

5.5 GOVERNING LAW

This agreement is governed by the laws of the Republic of India. Any dispute is subject to the exclusive jurisdiction of the courts at the place of the college's registered office.

5.6 TERM AND TERMINATION

The initial term is three years from the date of last signature, with automatic one-year renewals unless either party gives written notice of non-renewal at least ninety days before the end of the current term. Either party may terminate for cause on thirty days' written notice, with opportunity to cure. On termination, both parties cease use of the other party's brand assets and return or destroy confidential information.

5.7 ACKNOWLEDGMENT

The signatories below confirm that they have read this agreement in full, that they have the authority to bind their respective organisations, and that they enter into this partnership voluntarily on the terms stated.
